Robroy MacGregor Ex 104 Sig Sqn and now Generator Management Systems Mt Gravatt Brisbane has donated a 6KVA Genset to Cockscomb. Rob drove up from Brisbane especially to install the Genset. Not only that, but he took away for repairs our 3KVA Genset and took the Meadows too.

Rob September 1969

Our heariest thanks to Rob and Generator Management Systems. This new Genset means that we can now weld, have lights at night, charge the batteries and pump water all at once. With push button Start and Stop, Cockscomb has moved ahead into the next century.

Genset as delivered and pictured right installed in its own new Power House

Last month has seen a bit of activity at Cockscomb. Rocky Wallace Ex 2 SAS and 3 RAR had his 60th birthday party and from all accounts everyone enjoyed the day at Cockscomb.

Working Bees have been very productive and thanks to extra time put in by Darryl, Ray and Allan the new Power House is taking shape.

Bill has the gardens looking good, all mulched to save on water and a good selection of plants that don't need much water.
